

# Payam Machinery Group

Manufacturer of the First quality  
Vegetable process machines

Disinfection tank DT series  
Suitable for leafy vegetables  
Continuous circulating water washing  
System,  
Air pressure with bubbling effect  
Filtering system  
Minimal water consumption because of  
recycling  
Stainless steel construction.  
Dewatering conveyor belt  
Power consumption: 4.1 kWh  
Water consumption: 40~ 50 Liter/min  
Production rate: 300~2000 kg/h  
Dimension: L 491 ,W 125 and H 214 CM

## Application

Disinfecting of the leafy vegetables , having the online  
input and output conveyer to the next machine which  
could be dewatering device
